### PROIZVODI OD POLIURETANSKE PENE- BUMPER-i

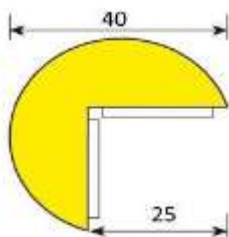

Proizvodi od poliuretanske pene sprečavaju povrede ljudstva i oštećenja opreme i drugih površina na isturenim površinama. Lako se postavljaju, imaju samolepljive trake, i mogu se postavljati unutar i van objekta.

Profili su izradjeni od elastične poliuretanske pene koja je presvučena bojom otpornom na habanje. Rađeni su po DIN 4102 B2 standardu. Otporni na niske i visoke temperature (-40°C do +100°C).
